CRAFTING
ASPIRATION SINCE
2020

- Since 2020, Acacia SKY Group has been crafting aspirations,
- initially specializing in landscape design and expanding to encompass architectural,
- interior, and exterior design, along with garden maintenance services.

Project 3D DESIGN

A leadership project where we transformed outdoor spaces into a dynamic, water-based modern environment.

The landscape design balances aesthetic with functionality, offering shaded walkways, smart lighting, and native planting — all contributing to an enhanced user experience and sustainable urban living.

- Innovative solutions with a practical approach

PRIVATE GARDEN ELEGANCE

Project Private Resort

A leadership project where we transformed outdoor spaces into a dynamic, walkable, and modern environment.

The landscape design balances aesthetics with functionality, offering shaded walkways, smart lighting, and native planting – all contributing to an enhanced user experience and sustainable urban living.

Project Private Palace

A luxury urban palace located with refined architecture featuring thoughtful elegance with landscaped swimming pool and outdoor spaces, modern art, green nature, and specially designed living areas that elevate the living experience.

Project **Private Palace**

A luxury urban police bureau located with refined architecture, featuring that brands elegance with functionally stunning handcrafted outdoor spaces, walkways, water features, and specially designated living areas that elevate the living experience.

Project Private Palace

A leadership project where we transformed outdoor spaces into a dynamic, welcoming, and modern environment.

The landscape design balances aesthetic with functionality, offering shaded walkways, smart lighting, and native planting — all contributing to an enhanced user experience and sustainable urban living.

Project Private Resort

COVERING AN
AREA OF 2,500 M²

COZY NATURE VIEW

This private resort features a cozy seating area overlooking the farm, thoughtfully designed to offer a peaceful and serene setting. The garden is extensive and is equipped with lush greenery, vibrant flowers, and a diverse mix of trees, creating a warm and inviting atmosphere. Carefully landscaped with maintaining pathways, ornamental shrubs, and a small garden, the golden entrance is the overall visual appealing and provides a tranquil space for relaxation and enjoyment.

Project Private Resort

COVERING AN AREA
OF 1,300 M²

MODERN NATURE RETREAT

A modern landscape design for a private resort combines elegance and comfort, featuring luxurious seating areas, high-speed, and panoramic views. Ideal for those who love green spaces that add a touch of nature and beauty.

Project Private Palace

COVERING AN
AREA OF 1,500 M²

MODERN INTEGRATED VILLA

A modern villa designed with clean lines and open spaces, emphasizing simplicity and functionality. Use large windows and giant doors to connect the interior with the outside. Public and outdoor spaces seamlessly.

Integrate palm trees as key landscaping elements, ensuring simplicity, serene atmosphere. Place the palm trees strategically grounded, providing a aesthetic path way to enhance the villa's aesthetic appeal. Incorporate sustainable materials and smart home technology for energy efficiency and convenience.

- نعتقد أن جمال المساحات الخضراء يستمر من خلال التخطيط المدروس والرعاية المستمرة. في هذا القسم، نركز على اختيار النباتات المناسبة وضمان صحتها على المدى الطويل من خلال الصيانة المجدولة والاهتمام الجيد
